

GETTING READY FOR CLUB WORK

White Wyandotte Eggs Wanted to Supply Boys and Girls.

STARTING IN TIME IS WISE

Demand is Everywhere Increasing For This Popular Breed.

White Wyandotte eggs, for hatching, are greatly in demand this season and some trouble is anticipated by the Christian County Poultry Improvement Association in securing enough eggs to supply the demands here in this county.

One breeder who conducts a White Wyandotte farm of two thousand acres writes that the demand for stock has been so great that he has sold out

WHITE WYANDOTTES.

completely on stock, having only male birds for sale, not having left enough females to produce the eggs he can sell during the season.

Other noted breeders say about the same thing and the local Association will depend largely on the supply that can be secured from small breeders over the country and a number of these have been asked for propositions on furnishing the eggs.

These eggs are strictly for the use of the Boys' and Girls' Clubs which are to be organized by Mrs. Eloise Graves. Mrs. Graves is now in Nashville at the Peabody College taking a special course in Poultry Culture and upon her return, which will be about the middle of the month, will begin to organize these clubs.

So much interest has been manifested by adults in the raising of White Wyandottes, that County Agriculturist Casey has been busy trying to secure a supply of eggs for all who want them and may be successful in doing so at a normal price.

Mr. Casey is now at Lexington and will probably be able to announce his plans for securing these eggs upon his return.

On account of the heavy demand for White Wyandotte eggs, caused by the increasing popularity of the breed, it is the opinion of the officers of the local Association that all of those who contemplate raising a few White Wyandottes should get busy at once and make orders from breeders who are advertising eggs for sale in the Poultry Journals and not depend upon Mr. Casey or the Association to secure them. They believe that all eggs secured by them will be needed for the club work.

The situation right now goes to show that the Christian County Association acted wisely in adopting the

White Wyandotte, for this breed is at this time becoming the popular breed and the demands will continue, it is thought, for stock and eggs and all that can be produced in Christian county will no doubt find a ready sale at good prices.

The White Wyandotte has come out at the head of the list of egg producers in the three great egg-laying contests held in Connecticut, Pennsylvania and in Missouri.

The average, per hen, over the White Leghorn, which has been regarded as the best layer, and for this reason used by a majority of the egg farms is as follows:

International Contest, Connecticut—17 eggs.

North American Contest, Pennsylvania—17 eggs.

National Contest, Missouri—18 eggs. Prof. T. E. Quisenberry, director of the Missouri State Poultry Experiment Station at Mountain Grove, Mo., and the man in charge of the National Contest in speaking of the White Wyandottes says:

"The highest layers have been White Wyandottes.

"There is no denying the fact that White Wyandottes are one of our handsomest fowls; and in our National Egg Laying Contests they have always stood near the top. Some of the highest laying hens we have ever had have been White Wyandottes. They have a very plump carcass and for that reason always attract a lot of attention when dressed and are able to command the highest prices in our best markets. I have bred White Wyandottes several years and we have always had several hundred at the Experiment Station. I have had a good opportunity to compare them with all other varieties and I take pleasure in saying that I consider them among the best varieties."

SCHILDKRET'S ORCHESTRA

Will Give a Redpath Concert at Tabernacle Tonight.

Schildkret's Orchestra, one of the best known organizations of its kind in America, is the Redpath attraction to-night.

Mr. Schildkret has appeared widely on both the Chautauquas and Lyceum courses for more than nine years past, everywhere greeted with a degree of enthusiasm seldom tendered a musical organization.

The Schildkret Hungarian Orchestra is probably more widely known today than any other Hungarian Orchestra in this country. As a director, Samuel Schildkret can get as much music out of six men as many directors will get from an orchestra of ten.

Mr. Schildkret and his men have not only played at the home of Mrs. Potter Palmer, but also at the homes of Mrs. Marshall Field, Mrs. Harold McCormick, and other widely known social leaders of Chicago.

While in Washington, Mr. Schildkret played at the Washington Park Club at an event attended by Miss Alice Roosevelt. Later he was invited to play at the Roosevelt-Longworth wedding, but was unable to go on account of other engagements.

Omaha is to have a new Masonic temple.

RESOLUTION ADOPTED

Fiscal Court Passes The Order Ratifying Selection of Commissioners.

DIVISION IN THE COURT

But Subsequent Resolution Giving Assurances Smoothed Out The Kinks.

The Fiscal Court met in regular session Tuesday and one of the most important matters to come up was the consideration of the resolution ratifying the appointment of eight commissioners to handle the proposed bond proposition. Some of the magistrates were opposed to the resolution, basing their opposition on the fear that the northern half of the county would not get a just proportion of the funds to be provided. The resolution was passed by a vote of 5 to 3. This action was followed up by the adoption of another resolution that brought about harmony and which was passed unanimously. This is given in full.

On the motion of Esquire Morris, duly seconded, the following resolution was adopted:

"Be it Resolved by this Fiscal Court that in the matter of the present proposed election to issue bonds to the amount of \$400,000 for the purpose of building roads in Christian county, that it shall be the policy of this court, and all the Magistrates composing this court do hereby pledge themselves to said policy, that one-half of any sum raised by the issue of bonds, is to be spent in improving the roads north of the dividing line, to wit: the Russellville and Princeton roads, and the other half of said sum to be spent in improving the roads south of said boundary line.

"And further be it Resolved, for the purpose of informing the voters of Christian county, and for the purpose of removing any doubt that may exist concerning the same, that the roads, known as the 'Dixie Bee Line Highway' and 'Jefferson Davis Highway,' are to obtain no advantage over any other road, should said bond issue carry, but will simply receive their proportionate amounts of said bond fund."

CLAIMS \$1,000 DAMAGES.

Eugene Holmes has sued the town of Crofton and Wallace Myers for \$1,000 damages, alleging that he was arrested and confined in an unsanitary jail at Crofton, infested with vermin, upon a charge that was afterwards dismissed.

Natural Thing.

"I don't believe the captain of our ship was an experienced mariner. When we had that accident in mid-ocean, he did not seem to know what to do." "But you must remember that it was only natural under the circumstances for him to be completely at sea."

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

P. J. CHENEY & CO., Toledo, O. We, the undersigned, have known P. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him. NATIONAL BANK OF COMMERCE, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials and free. Price 25 cents per bottle. Sold in all drug stores. Take Hall's Family Pills for constipation.

30 Pairs Ladies' "Cousins" Pumps both dull and patent, welt sole, mostly narrow widths, sizes 2 to 7, Regular Price \$5.00, Sale Price **\$3.25**

THE ADVANTAGES

Of a Bond Issue Under The State Aid Law.

If Christian county wants better roads and more roads, there is but one sure way to obtain these improvements and that is for the county to vote favorably upon the question to be submitted to them on March 18th, 1916. Christian county is full of a progressive spirit. It does not want to forget its ideals and ambitions and slip back to that class of counties whose slogan seems to be "Mud Roads and Low Taxes."

A vote for the bond issue at the present time means that Christian county is awake and aware of the fact that opportunity is knocking at her door. Never before in her history has she had a chance to build her roads or improve her roads, with the help of the state. If we vote for the bond issue the state of Kentucky not only agrees to pay back one half of the bonds, but to furnish competent engineers to supervise the building of the roads. If the voters understood what this really means, no sensible man could question or doubt the advisability of voting "Yes" on this important question.

Without the bond issue, any considerable improvement of the road system in all parts of Christian county is impossible. With a bond issue of \$400,000 there is a chance for every corner and section of the county to be benefited. Any unfair distribution of the improvements to be undertaken under the state aid law and through the means of this bond issue would not and could not succeed. Eight commissioners acting with the fiscal court, together with the state road department, would prevent anything of that sort.

On the other hand, to vote "No" on this bond issue means that Christian county will be taxed for the benefit of other counties and to build roads in other counties of the state of Kentucky, for whether the bond issue carries or not, we pay in to the state road fund our five cents state road

tax, and automobile license taxes, every year.

To vote down the bond issue means even more than financial loss. It means that Christian county has lost something of its progressive spirit. It means that its citizens can not unite on a policy which is for the common good. It means that we are selfish enough to let well enough alone and refuse to help those sections of the county that are now deep in the mud.

If some philanthropist were to offer the citizens of this county \$200,000, should they raise a like sum for the purpose of building roads, would the people take the offer or not? The bond proposition is even better than that because in addition to the money which the state of Kentucky is willing to put in our roads, it protects us and itself by providing for the proper construction of those roads through its state road department, requiring standard specifications and the supervision of engineers that have built good roads and know how to build them.

Why hurt yourself and your neighbor by talking against the bond issue? Get out and boost it! PUBLICITY COMMITTEE OF GOOD ROADS ASSOCIATION.

Autoists Murdered.

Two persons were murdered, another probably fatally injured, and a fourth severely beaten up in an automobile hold-up on the Orchard Park road near Buffalo, N. Y. Several hours elapsed before the authorities were informed of the crime and the assailants escaped. The victims, prominent Buffalo residents and members of the same family, were: Mrs. Agnews M. Teiper, aged 67, shot in head and instantly killed; Frederick C. Teiper, son, beaten to death with blunt instrument; Grace C. Teiper, daughter, skull fractured, will die; Edward E. Teiper, son, beaten on head and left senseless on road. Edward Teiper says he saw only the man who knocked him senseless a big negro. All of the victims were robbed of money and jewels.

STAR ROUTERS

Want Mail Out of Hopkinsville Instead of Elkton.

Persons living on the Kirkmansville road are making an effort to get the star route service from Elkton to Kirkmansville changed so that Kirkmansville will get its mail from Hopkinsville. The business of that section is nearly all done in this city. The roads are better and the service could be more prompt and in many ways improved.
